ADJOURN

"Leak" Hearing Indefinitely After Examining Few Witnesses in New York

STOCK EXCHANGE TO HELP

Members Instructed to Furnish Probe Committee With Information to Help Committee—'Short' Sales Are Explained By President Noble With His Counsel By His Side

(Associated Press Telegram)
New York, Jan. 24.—The house rules committee in executive session today decided to adjourn its New York hearing on the leak investigation for an indefinite period. Members of the committee who planned to return to Washington this afternoon will hold a meeting in Washington some time in the latter part of the week to decide when they shall resume the hearings here.

Announcement of this plan came while the committee still was in session with representatives of the New York stock exchange trying to agree on a new request for submission of specific records to the committee.

The request for the information sought yesterday, including the names of all customers and records of their deals, "rests in abeyance," Mr. Whipple said.

Adequate plans have been arranged whereby customers of every brokerage house who are not the object of inquiry as defined in the congressional resolution will be protected from public disclosure. There will be no danger of any transaction or name of men outside that class being disclosed to the public.

The next hearing, it was assured, would be held here, although meetings are to be held later in Washington.

Representative Chipfield of Illinois, whose clashes with Thomas W. Lawson enlivened the hearings in Washington, injected some pyrotechnics into the inquiry today by criticizing Whipple's methods of examining Noble and declaring that he would have more to say in the future, "as an individual member of the committee" without regard to counsel or committee.

Most of the direct testimony of Mr. Noble was in regard to the securities withdrawn from the list. He said that stock in which there is little dealing because of its scarcity on the market is usually withdrawn. He also admitted that "short" dealing in narrowly held stocks was dangerous because of the inability of speculators to borrow it.

Representative Chipfield wanted to know if stocks were ever held abroad for purposes of escaping taxation.

"Not to my knowledge," replied Noble.

Samuel F. Streit, chairman of the Stock Exchange clearing house, was then recalled and examined on the details of the exchange machinery.

To the surprise of the committee, Streit, contrary to the opinion given by President Noble that the first responses from the brokerage houses might be given in a day or two, declared that the data could not be furnished inside of two weeks and that some of the larger houses could not do it in a month.

The witness was then taken in hand by Whipple, who finally got him to concede some of the information wanted could be produced more quickly than he had anticipated.

The members of the New York stock exchange, who have been requested by their board of governors to make available for the information of the rules committee of the house the record of their transactions during the period when Wall Street is supposed to have received advance information on the president's peace note, are not expected by the board of governors to withhold the information. This assurance was given the committee by President Noble of the exchange at the resumption of the "leak" inquiry here today.

Mr. Noble appeared to inform the committee of the adoption last night of the resolution of the board requesting the six hundred or so brokerage houses to turn over the desired data to the chairman of the clearing house committee for submission to the rules committee experts, who will examine them to learn the identity of the operators who were dealing heavily on the short side of the stock market prior to the publication of the peace note.

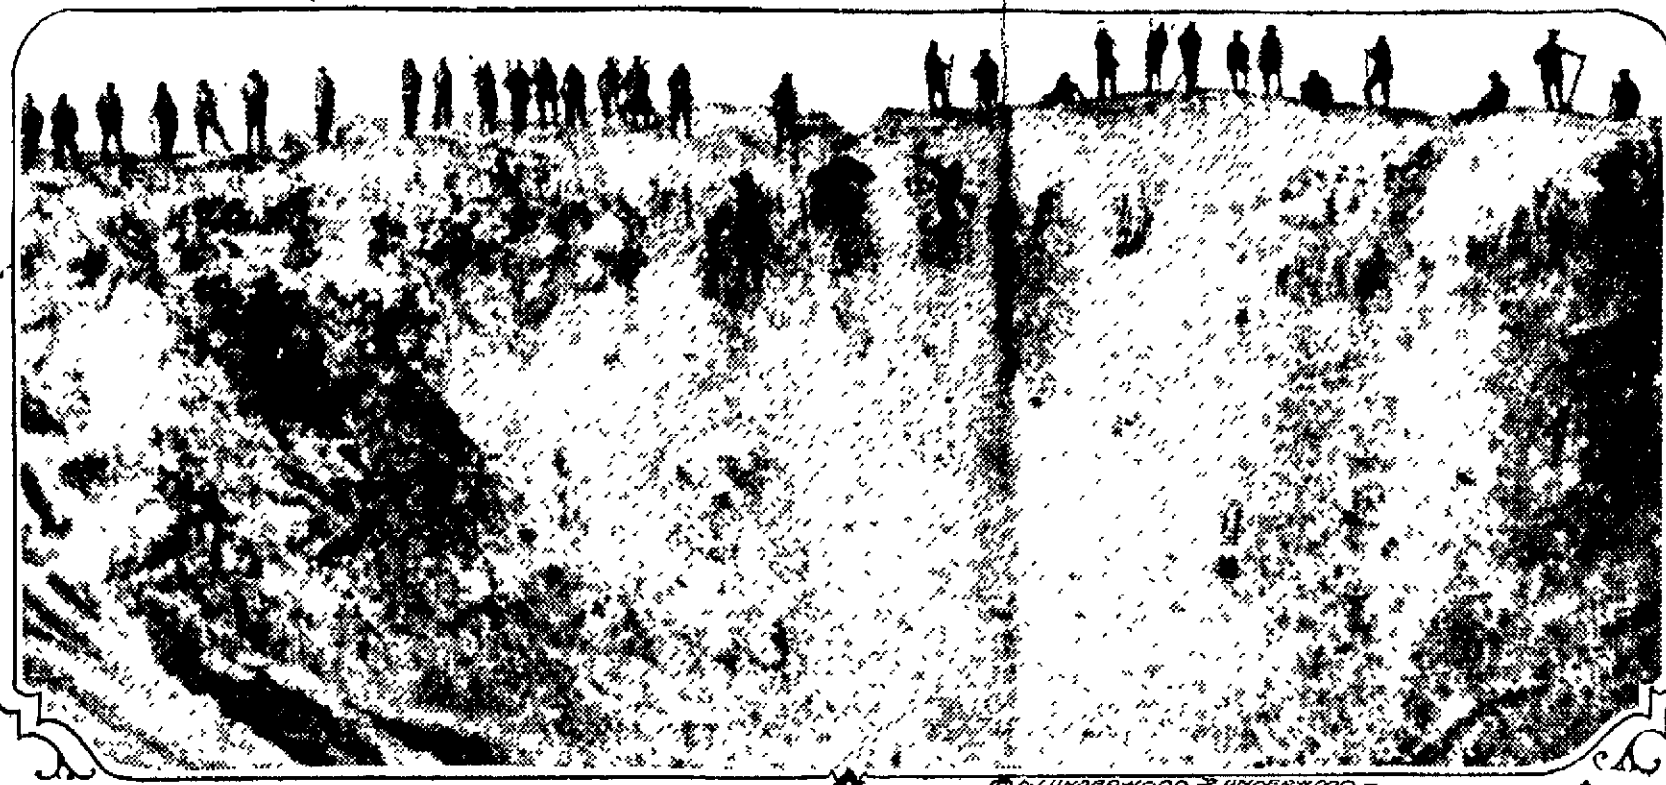

Sherman L. Whipple, the committee counsel, wanted to know at the outset how soon the first responses might be expected. Mr. Noble said copies of the resolutions had been sent the members this afternoon and that some replies probably could be expected by tomorrow or the day after.

"I think they all realize," he said, "that speed is desired, and those who are going to respond will respond as quickly as possible."

"Have you any reason to believe that any of the members will assume the responsibility of not complying with the request?" asked Mr. Whipple.

The witness said he knew of none. "You think there is no question" (Continued on Page 2, Col. 4.)

TWO ENTIRE GERMAN COMPANIES DESTROYED WHEN HUGE FRENCH MINE BLOWS UP

View of vast mine crater in which two Prussian companies perished.

The hole, the largest of which any record has so far reached this country, was made by a French mine on the Somme front, north of Comblès. Its mouth is nearly 100 yards long and 60 yards wide, a charge of 22,000 pounds of explosive being used. Of the two Prussian companies swallowed up only four wounded men were found alive, two of these dying the next day in a French field hospital.

RAILROADS

EXPECT TO EXPERIENCE TROUBLE IN CARRYING OUT ORDERS OF COMMISSION.

Eastern Roads Particularly Will Be Hard Hit to Return Cars Promptly to Owners.

Baltimore, Jan. 24.—Pending the adjustment of their operating practices to the drastic regulations prescribed by the Interstate Commerce Commission in respect to the return of equipment to the owning lines, the railroads in the opinion of the Baltimore and Ohio officials will experience at least temporary difficulty in handling traffic.

An official stated that it will be the policy of the Baltimore and Ohio to carry out the order of the Interstate Commerce Commission and do all that it can to bring about an improvement in conditions which are causing serious traffic congestions. The order of the Commission is intended to compel the railroads to carry out their own regulations, which in many instances have been interfered with on account of unusual traffic requirements.

The eastern railroads will be confronted with a big problem as a result of the new order which compels the carriers to return equipment promptly to owning lines. This will curtail the supply of equipment available at certain central points for eastbound loading and it is thought that it will interfere with the handling of a large volume of traffic from Chicago, Pittsburgh and other industrial centers of the Atlantic seaboard for export.

Some time ago the railroads reached an agreement among themselves, which bore the approval of the Interstate Commerce Commission providing for a prompt return of equipment to the owning railroads. Railroad men say that this policy is being lived up to so far as possible. The delays by shippers in loading and unloading equipment has hindered the plan to some extent.

The Baltimore and Ohio has been returning a larger percentage of equipment to its western connections than it has been receiving from these lines. This evidence of good faith in trying to solve the traffic problem of the country has contributed to the equipment balance against the Baltimore and Ohio, earning cars on the company's lines for some time past has been less than the total number of serviceable cars owned by it.

The coal car situation is not regarded as promising at the present time. This has been due to delays in unloading coal and to difficulties which lines connecting with the Baltimore and Ohio have had in accepting the traffic. The supply of refrigerator cars is more adequate, however, and the company is making an effort to handle foodstuffs and perishable shipments with every possible facility. The company's refrigerator equipment is being added to steadily by the construction of 500 cars of this type in the railroad shops.

JAP PARLIAMENT CONTINUES ATTACK ON TERACHI CABINET.

(Associated Press Telegram)
Tokio, Jan. 24.—The majority groups in parliament opened their campaign against the Terachi administration today by introducing in the house of peers a resolution of lack of confidence. Vigorous attacks were made on various points in the addresses delivered yesterday by Count Terachi and Viscount Motono, foreign minister. Premier Terachi, replying to his opponents, insisted that the nation could be governed by a cabinet which did not have a majority in the parliament.

PEACE THIS YEAR.

London, Jan. 24.—The President of the Prussian upper house in a speech at the opening of the session, expressed the hope that the present year, despite its disappointing beginning, might bring peace, according to a Berlin dispatch to Reuters by way of Amsterdam.

TODAY IN CONGRESS.

The congressional business for today is thus summarized:

Senate.
Met at 11 a. m.
Took up Cummins resolution for week's debate on President Wilson's peace address.

House.
Met at noon.

Debated Cline bill for increasing water power diversion at Niagara Falls.

Fortifications appropriations bill completed by appropriations committee.

Banking and currency committee discussed federal reserve amendments.

BETHLEHEM PAYS MONSTER DIVIDEND; ISSUES NEW STOCK

New York, Jan. 24.—One of the largest "melons" ever divided by an industrial corporation was announced yesterday when the directors of the Bethlehem Steel Corporation increased the common stock dividend from 7 1/2 per cent to 10 per cent quarterly; recommended a 200 per cent common stock dividend or bonus, and also offered the common stockholders the right to subscribe to \$15,000,000 new stock at par on the basis of share for share of present holdings.

This action was made possible by a proposed increase of the common stock from \$15,000,000 to \$60,000,000. The plan regarding the new stock is to be submitted to shareholders at a special meeting Feb. 14. Inasmuch as Charles M. Schwab, chairman of the corporation, and his friends are believed to control the present stock issue, it is virtually assured that the proposition as a whole will be approved.

Voting power will be withheld from the new stock. One reason for this decision, and perhaps the most important, it was explained, is that Mr. Schwab promised the British government, from which he has received orders running into hundreds of millions of dollars that he would not relinquish control of the corporation while the war lasts.

STOCK DROPS TODAY.

(Associated Press Telegram)

New York, Jan. 24.—Bethlehem Steel's response at the opening of today's market to yesterday's "melon cutting" of the directors, which included a 200 per cent stock dividend, was a decline of five points to 42 1/2 on a sale of 100 shares. The balance of the list was irregular on moderate dealings, price changes in most of the active issues being only fractional.

OFFERS BILL TO ABANDON CANAL AND SELL LAND

Columbus, Jan. 24.—Senator Miller of Licking county late today introduced a bill providing for the abandonment of the Ohio canal at Newark and the sale of the canal lands.

BAR DUTCH TRADE.

(Associated Press Telegram)

St. Gallen, Switzerland, via Paris, Jan. 23.—A prohibition against the shipment of Swiss merchandise to certain Dutch companies has been issued, according to authoritative information, as the result of the discovery of a quantity of foreign contraband intended to be used in shipping German goods to America.

TWO KILLED BY CARS.

(Associated Press Telegram)

Cleveland, Jan. 24.—Two men were killed today when they stepped and fell in front of street cars. M. Cacheroff, 28, manager of a motion picture theatre was killed by a Ford avenue car and an unidentified man was killed by a car on the East 73rd street line.

RUSSIA

WARMLY APPROVES PRES. WILSON'S SENATE SPEECH ON WORLD PEACE

Germans Slow in Expressing Opinion On Speech While Spanish Editors Declare It Was Inopportune.

(Associated Press Telegram)

Petrograd, Jan. 23, Via London, Jan. 24.—President Wilson's speech to the senate was received with the warmest approval and sympathy in government circles. The same cordial spirit was shown by the press and public leaders with few dissenting voices. Only two points in the President's speech found serious criticism—this reference to peace without victory and "freedom of the seas."

Colonel Shumsky, the widely quoted Russian military critic, protests vigorously against the idea of limited armaments. He declared that all previous efforts to secure this "utopian dream" ended in complete fiasco and that the only method of preventing future wars is a strategically strong frontier and an armed force. The Bourse Gazette, after calling attention to the unprecedented character of President Wilson's appeal and paying the usual tribute to the president's idealism and high principles, thinks the chief significance of his declaration is its manifest purpose of further developing his influence toward peace. The paper speculates upon the fresh steps contemplated by the president and concludes that it is possible that a note will follow, addressed to all belligerents and neutral governments with a view to a world conference. This, however, says the Gazette, will not call forth a response from the allies.

"It is interesting to note" concludes the Gazette, "that among the acceptable conditions set forth is one which has been definitely rejected by Germany. Speaking of Poland the president undoubtedly has in view its restoration according to ethnographic boundaries and in referring to access to the seas has in mind the neutralization of the Dardanelles and the Bosphorus and an open way to the sea for the Toheks and Serbians."

PRAISE HIS COURAGE

(Associated Press Telegram)

Lisbon, Jan. 24.—The Seculo commenting on President Wilson's speech says, the president has the genius of inopportune. "He is inexhaustible" says the Seculo, "as an inventor of untimely pacifist systems, inapplicable to present conditions. One can only praise the idealistic courage with which he continues to proclaim these ideals which are not even in the air. The country of nations and perpetual peace and in referring to the foundation of the only practical peace lies in the permanent destruction of the germ of war incorporated in the Prussian system."

CALLS GERMAN PIRATES

(Associated Press Telegram)

Paris Jan. 24.—The newspapers continue to comment on President Wilson's speech but there is no change in their views, which all resemble each other regardless of the political color of the organs. The Figaro says:

"For the past two centuries the Germany of the Hohenzollerns has infested the world like a pirate on the ocean. The independence of the world and the liberty of the seas can only be conquered by arms. Peace without victory would be a victory of the powers of evil, of those who embark in a war not only against men, but against the principles of morality and justice that are no less dear to us than President Wilson."

GERMANS SLOW

(Associated Press Telegram)

Berlin, Jan. 23, Via London, Jan. 24.—The newspapers are slow in expressing an opinion on President Wilson's speech. The text of which was received by them shortly before going to press. The afternoon papers refrain from any comment, even the headline being noncommittal and the stock market, which usually is the most responsive barometer of

popular sentiment, seemed to be unaffected. Nevertheless, the speech occupies a large part of the restricted columns of the press and is regarded as the news features of the day.

EXPECT ANOTHER SPEECH

(Associated Press Telegram)

Rome, Via Paris, Jan. 24.—The Giornale d'Italia declares that President Wilson's speech to the senate is important because it shows his resolve to continue his action in favor of peace. The newspapers foresee a further manifestation by the president tending to make clearer his intentions.

British Destroyer Sunk in Battle With German Fleet.

(Associated Press Telegram)

Berlin, Via London, Jan. 24.—One British destroyer was sunk and another was observed to be in a sinking condition in the North sea naval engagement, the admiralty announced. One German torpedo boat put in at Ymuiden in a damaged condition. The others returned with slight damage.

The announcement follows: "In the course of an enterprise undertaken by a portion of our destroyer forces an engagement occurred early in the morning of January 23 with British naval forces. One enemy destroyer was sunk during the fight. After the engagement a second was observed by our airplanes to be in a sinking condition."

"One of our torpedo boats which was in distress owing to damage sustained, according to news received, has arrived at Ymuiden. All the other boats returned with slight damage."

The official British account of the engagement which was given out last night said that a British destroyer was torpedoed, with the loss of 47 men and that a German destroyer was sunk.

SURVIVOR TALKS.

(Associated Press Telegram)

London, Jan. 24.—A survivor of the German destroyer V-69 interviewed at Ymuiden by the correspondent of the Evening News says the main action occurred at a point thirty miles off Zebrugg. His vessel with another torpedo boat destroyer, formed the rear guard of a flotilla of eleven vessels.

Suddenly the German flotilla was confronted by two British squadrons composed of four and six ships each. The British marksmanship was accurate and the V-69 was badly hit. The compass and steering gear being destroyed the officers of the German destroyer followed the stars and used the propellers in steering toward a German port. While making for home they were confronted by four British destroyers and the V-69 ran for the Dutch coast.

"We don't know what happened to the other vessels," the survivor concluded, "but they must have got it badly."

GREAT BRITAIN STOPS WORK ON SHELLS FOR U. S.

(Associated Press Telegram)

London, Jan. 24.—The British government has refused permission to the Hadfields, limited, to proceed with work on the contract for shells for the American navy "so long as the exigencies of war continue."

PRESIDENT WILSON SPENDS AFTERNOON AT CAPITOL OFFICE.

(Associated Press Telegram)

Washington, Jan. 24.—Further extending his plan of transacting business at the capitol, President Wilson arranged today to spend the entire afternoon in his office outside the senate chamber receiving delegations in addition to his usual congressional callers. Before going to the capitol Mr. Wilson shook hands at the White house with one hundred independent oil producers and conferred with a committee from the Churches of Christ in America.

BULGARS

Fail to Retain New Dobrudja Positions Along Danube Taken Yesterday

WEATHER STOPS TROOPS

Raiding Activities Along Franco-Belgian Front Are Only Developments In That Region—Air Engagements Reported By Berlin—Six Entente Planes and Three German Destroyed

Events on the European battle fields are summarized from reports from capitals to the Associated Press as follows:

Apparently the Bulgarians were not able to hold the ground on the North side of the southern estuary of the Danube, north of Tulchea in Dobrudja, occupation of which was announced in yesterday's German admiralty headquarters' report. Today's statement, while somewhat ambiguously worded, apparently indicates a withdrawal of the Bulgarians to their former position on the southern side of the estuary.

This movement is the only important one that has occurred in the Rumanian campaign, so far as shown by the Berlin report. Extreme cold weather is interfering with operations in the Moldavia mountain region and there have been only skirmishes and artillery engagements along that front.

Attention again is turned to the Riga region on the northern end of the Russian front, where a renewal of the fighting is reported by Berlin. This was forecast by yesterday's announcement of the resumption of intense artillery fire in that region. The Berlin account of the progress of the fighting simply declares that it took a course favorable to the Germans. Petrograd admits Russian troops were pressed back between Tirul Swamp and the river Aa.

On the Franco-Belgian front the pronounced activity of raiding detachments is being continued. The French report mentions successful raids by French troops near Chilly south of the Somme, and patrol operations in the Woivre district. Berlin reports numerous air engagements in which the entente lost a total of six airplanes. Three German machines were brought down on the French front, Paris announced.

The German admiralty's report to day of the recent torpedo craft engagement in the North Sea declares only one of the German craft, a torpedo boat which put in, in distress at Ymuiden, Holland, was more than slightly damaged. The sinking of one British destroyer is reported while a second British boat of the type was observed in a sinking condition after the engagement. The British admiralty yesterday reported the sinking of a German destroyer in an encounter on Monday night, and the torpedoing of a British destroyer, with the loss of 47 men.

FRENCH SOLDIERS WANT "OUR" GIRLS TO WRITE LETTERS.

(Associated Press Telegram)

New York, Jan. 24.—Two French soldiers stationed some where near the Marne have written to Mayor Mitchell seeking his efforts to persuade two "young American ladies" to correspond with them. One of the letters says:

"I am not a knight, but a soldier. I have of taking godmothers to correspond with them. This little service, however, little it may be, is enormous for an abandoned soldier. A letter, however, short it may be, restores the morale in a moment of collapse and diverts in a moment of tediousness."

JEWELRY WINDOWS FURNISH LOOT IN SERIES OF THEFTS.

Columbus, Jan. 24.—Police are searching for robbers who have been doing a wholesale job of window smashing here within the past few weeks. Most of the windows smashed have been those of jewelry stores and goods valued at hundreds of dollars have been stolen. So far half a dozen windows have suffered, including one liquor store window. Early today another jewelry store window was smashed and wrist watches valued at \$50 were stolen.

COSHOCTON MAN GETS APPOINTMENT UNDER MR. FULTON.

(Associated Press Telegram)

Columbus, Jan. 24.—Secretary of State Fulton yesterday announced two appointments. He appointed Lyman Innis of Columbus, assistant clerk to succeed A. E. Sinks of Troy and C. R. Randles of Coshocton, assistant statistician, succeeding H. A. McKenzie of Waverly. Randles is deputy auditor of Coshocton county.

WILLIS ADDRESSES OSTEOPATHS

(Associated Press Telegram)

Columbus, Jan. 24.—Former Governor Willis has accepted an invitation to address the graduation class of the American school of osteopathy at Kirtsville, Mo. Friday night. The Kirtsville school is the parent college of the profession. Its president, Dr. C. E. Still is a son of the founder.

MILLER

Offers Bill to Date Saloon Licenses in May Instead of November

ABSENT VOTER'S MEASURE

Is Offered By Senator Mooney to Allow Traveling Men and Soldiers Vote In General Elections—Propose Purchasing Agent Under Secretary of State As Money Saver

(Associated Press Telegram)

Columbus, Jan. 24.—More new bills were introduced in the house and senate this afternoon. The bill to change the date of the beginning of saloon licenses from Nov. 5 to the fourth Monday of May was introduced in the senate by Senator Miller of Licking. This proposal has the backing of Governor Cox.

Senator Mooney of Cuyahoga introduced a bill to allow traveling men, railroad men, soldiers who are absent from the state by reasons of service and others to vote by mail.

A bill to create a state purchasing department under the direction of the secretary of state was introduced in the house by Representative Canny of Dayton. Canny said the city of Dayton had saved thousands of dollars through its purchasing department and that there was no reason why the state government should not save hundreds of thousands of dollars each year by systematic purchasing. The purchasing agent, if this bill is adopted, would have charge of the purchase of all supplies for all departments except the state board of administration which already has a purchasing agent.

The agricultural committee of the house is to take up the administration's agricultural bill when it meets tomorrow and Republicans are expected to oppose it. They have discovered, they say, that it contains many possibilities for removal of present employees of the department.

The question of adopting eastern standard time for Ohio will come up before the committee on cities in the house next Wednesday night. Chairman Canny of the committee announced today.

The taxation committee of the house this morning voted not to recommend the increase of the \$100 exemption on personal tax to \$300.

A delegation of commercial fishermen from the Lake Erie district arrived here this morning to confer with legislators and Governor Cox relative to proposed legislation affecting the fishing industry.

The judiciary committee reported unfavorably on the bill by Representative Hoy of Jackson to limit the appointments of the governor to the period of his administration. Dr. Hoy asked that the bill be referred back to him for changes.

Representative O. B. Chapman of Montgomery county, chairman of the house labor committee announced today that the final meeting on initiated bill number one to exclude private liability insurance companies from competition with the state insurance fund will come up for final hearing before the house committee on labor next Monday night.

Bills exempting dentists from jury service and making receivers liable to fine and imprisonment for embezzlement of funds in their custody were reported out favorably by the house judiciary committee today. Representative Terrell of Cleveland is author of the bills.

A bill to permit osteopathic practitioners to use drugs in treatment of patients was being prepared today and was expected to be introduced in the house by Representative Hunter of Franklin.

GAMBLING GAME RESULTS IN DEATH; MURDER CHARGED.

Columbus, Jan. 24.—Gambling Monday night in the home of Edward Coleman, aged 43, led to the murder of James D. Lee, 22, and the arrest of Coleman on a charge of manslaughter and five others as witnesses.

At 5 a. m. yesterday a woman saw two men carrying Lee from the front porch into the Coleman house. She notified the police. They found Lee unconscious on a couch, with blood trickling from a wound on his head. He was hurried to St. Francis Hospital where he died at 3:30 p. m. from a fractured skull.

According to the police, Coleman confessed striking Lee with a club after a quarrel over a poker game. Lee also was said to have had trouble with other men in the game and was ejected, but returned to the house. In ejecting Lee the second time Coleman is alleged to have bit him with the club.

FIRST OIL WELL IN MARION COUNTY DRILLED IS TODAY

(Associated Press Telegram)

Marion, O. Jan. 24.—The first oil struck in Marion county was reported by the Caledonia Oil and Gas company about two miles west of Caledonia near here this morning. Oil was struck at a depth of 2,760 feet. Officials of the company were unable to estimate what the well would produce.

Towns of Same Name.

The refusal of Salem, Mass., to change its name at the request of Salem, Ore., raises an interesting question of municipal amity and comity, observes the New York World. Some forty Salems exist in the United States as cities, towns or counties, and hitherto they have lived in concord and mutual tolerance, until one of the newest members of the sisterhood, "an enterprising and hustling youngster" in the Far West, asks the original Salem, "the venerable mother of all the Salems," to abandon its historic name and get off the map so that its impetuous young namesake can have the field to itself.

A cool proposal, even for the breezy West. Is there not room to grow and glory enough to go around for all the Salems, including Oregon's ambitious aspirant for first honors? Oregon's ambitious aspirant for first honors? Portland, Me., and Portland, Ore., manage to survive their similarity of name. There are Springfield in Massachusetts, Ohio, Illinois and Missouri, all flourishing cities. Which is the great exemplar of the name. It is to be hoped the State of Washington is not unduly envious of the capital city.

Fourth must be served and westward the course of empire takes its way. But the country is not ready to give up the town of Roger Williams and Hawthorne, the Salem of Gallows Hill and the India trade, and the Brahmin caste for any upstart young rival in the West. May Salem, Ore., become the zenith city of the Pacific Coast which it aspires to be: may its "flourishing mills, fruit-packing houses and manufactures of lumber flourish as shoe-making flourishes in the older town. Still there is but one "only original" Salem.

The World might have said a word or two about Newark but it didn't. There is Newark, Ohio, and Newark, New Jersey, both progressive and flourishing cities though the eastern Newark has something of an "edge" on the Ohio town when it comes to the size of its population. Then there are a few other Newarks, too—Newark, Ark., Newark, Calif., Newark, Del., Newark, Ill., Newark, Ind., Newark, Md., Newark, Mo., Newark, Neb., Newark, N. Y., Newark, S. D., Newark, Tex., Newark, Vt., Newark, W. Va., Newark Wis., not to mention Newark Valley in Tioga county, New York.

Billy Sunday ended his campaign in Boston by departing for his Indiana home with a check for \$50,828.64, Boston's farewell gift. Statisticians figured out that Sunday received slightly more than 84 cents for each trail-hitter. There were 60,509 converts during the strenuous campaign, which lasted 71 days. Mr. Sunday will take a short rest at Winona Lake, Ind., before beginning his campaign in Buffalo, next week.

The Border Situation.

(Philadelphia Record.)

Something has been accomplished on the Mexican border, although the National Guard is being sent, and the punitive expedition is on the point of being recalled without having caught Villa. For more than six months it has not been looking for him. It has remained inactive, pending the efforts of diplomacy to come to some agreement with the de facto Government.

No agreement has been reached, and it would be easy to say that the situation was not different from what it was in May or June, but this would be untrue. There have been several substantial gains. It has been demonstrated to Carranza that we have military resources, and that we are determined to use them if it is necessary to maintain peace on the border. Carranza's peremptory demand in May for the withdrawal of Pershing was prompted by the idea that the only military forces we had were the limited number of regulars on the border. Of regulars and militia we have maintained an

Spirit of the Press

From Tree to Newspaper.

A trial was made in Austria to decide in how short a space of time living trees could be converted into newspapers. At Biscathal, on April 17, at 7:35 in the morning, three trees were sawn down; at 9:35 the wood, having been stripped of bark, cut up and converted into pulp, became paper, and passed from the factory to the press, from whence the first printed and folded copy was issued at 10 o'clock. So that in 145 minutes the trees had become newspapers. The age of miracles is not past.

The New Coins.

On that new silver quarter we may stand for the "E Pluribus Vnum," because that's Latin, you know, and "V" is the Latin or Roman character for "U." But why go further and put the "V" in the good old English "In God We Trust," on the face of the coin, while on the reverse side appears the inscription "United States of America" instead of "United States of America"? Is there no preservation of the "unities"—except vs. unities—in coin inscriptions? —Mansfield News.

Danish Islands.

The principal objection alleged against the acquisition of the Danish Islands is that they are not worth the price, \$25,000,000. Those who advocate the purchase believe the investment will eventually prove to be as profitable as that of Alaska. Forty-nine years ago Alaska was purchased at a cost of \$7,200,000, and that original fold has been returned to the nation more than 70-fold, for from its products of the land and sea Alaska has added to the national wealth upward of \$500,000,000, the greater portion of which has been produced during the last 20 years. —St. Joseph News Press.

Bob Isn't Really Wild.
At the risk of jeopardizing our standing in the Audubon Society and thus debarring ourself entirely from the advantages of club life, we will say that the dime's worth of suit tied to our cherry tree doesn't seem to interest the birds half as much as it does the earnest conservator of our wild life who waded out in the snow to put it there and

since has been spending practically all her time at the kitchen window to note results, if any.—Ohio State Journal.

It seems to us that Bob might have found some more fitting place than the columns of the O. S. J. for this brazen reference to his wild life.

Did You Know

That the first systematic effort to educate deaf-mutes was made in 1570 by Pedro de Ponce, a Spanish monk? The first academy in Great Britain for the deaf and dumb was opened in Edinburgh in 1773; the first asylum in the United States, at Hartford, Connecticut, in 1837. There are only three ways of instructing the deaf and dumb: 1. The visible language of signs and pictures; 2. The finger alphabet; 3. Articulation or lip reading.

SACRED MUSIC.

Columbia's latest sacred recording Beethoven's four-part "Creation's Hymn" is a most impressive one. The solemn grandeur of blended human voices—the Columbia Stellar Quartette—unaccompanied by instruments, gives the noble words a potency of appeal that lifts thought to a spiritual altitude, as high as the "numberless stars."

Voice follows voice in praise to the Wisdom that "holds the numberless stars in their places," blending in a divine harmony to "God eternal, to whom the Heavens utter glory!" Here is thought indeed to broad for any one sect or creed.

Gray Hair Made Natural Color—Not by Dye

"Back to Nature" Instead of Paints—Let Pure Sunshine and Fresh Air and Q-Ban Work Their Wonders

THE world's ablest Scientists and most expert Chemists turn to Nature and take advantage of her own forces and medicines wherever possible. Years of laboratory study and experiment along that line are now responsible for the remarkable results in restoring gray and faded hair to the natural color by the use of Q-Ban Hair Color Restorer, in combination with fresh air and sunshine.

Many thousands of America's best citizens have been benefited by this discovery. Thousands of women who had turned gray now have glossy, lustrous, fluffy hair, of its original soft, even shade because of Q-Ban. They have gained in beauty to a high degree. Thousands of men have a renewed look of youth, vigor, vitality. And this without use of dangerous, dirty, sticky dyes.

You can do the same. All you need is to wet your hair with Q-Ban Hair Color Restorer, afterward exposing it to sunshine and air, when dry enough. A natural process of oxidation will follow. This comes from the oxygen

in the air, enhanced by the sun's rays, coming in contact with the Q-Ban on the hair. Repeat this healthful process daily for a little time and your hair will evenly and gradually resume its original color. This way is safe, sane and sure—and in perfect good taste, not arousing suspicion and ridicule as dyes do.

Q-Ban does not pretend to work instant miracles. Such claims belong to dyes and the like. But it does accomplish its results properly and permanently. It is all ready to use and, not being a dye, is guaranteed to be harmless—in fact Q-Ban is the only guaranteed preparation for the purpose, sold under absolute warranty by the makers of "satisfaction or your money back." At drug stores, 50c for a large bottle—or write HESSIG-ELLIS Drug Co., Memphis, Tenn., direct, mentioning your druggist's name. Beware of imitations. Only Q-Ban, combined with sun and air, accomplish these special results.

Try Q-Ban Hair Tonic for hair life and beauty. Also Q-Ban Liquid Shampoo, Q-Ban Toilet Soap and Q-Ban Depilatory (odorless). Large, illustrated, interesting booklet, "Hair Culture," sent free to you. Write for it today.

Milady's Boudoir

The Hair in Cold Weather.
Women with hair that curls naturally are inclined to wet it slightly with water when arranging the coiffure. This does more harm than good in winter, for it increases the stiffness of the hair and causes it to appear dry and listless.
The hair may be made tractable in cold weather by brushing and then applying a mixture that contains oil. This will neutralize the dryness and makes the hair pliable, and has tonic properties as well. Always massage the scalp when using a tonic of this sort and the hair will show signs of improvement in a few weeks.
One of the best oils to use in cold

FATE THROWS HER IN PATH OF HER DIVORCED HUSBAND

Mrs. Ida Wynne French.

Mrs. Ida Wynne French, beautiful daughter of former Postmaster General R. J. Wynne, recently returned to this country from England, where she acted as a nurse in a British war hospital. While serving the Red Cross it fell to her lot to nurse her former husband, Capt. Hugh Ronald French, from whom she had obtained a divorce. As a result of this meeting it is rumored that a reconciliation was effected.

Granville

[Special to The Advocate]

Granville, O., Jan. 24.—William Thornberg, one of the best known and most highly esteemed residents of Granville, died at his home on Centerville street, Tuesday evening at 7:15 o'clock, after an illness of less than a week's duration. He is survived by his wife and three sons, William Thornberg of Chicago; Bertrand Thornberg of Syracuse, N. Y.; and Herbert Thornberg of California. Funeral services will be held at the residence on Friday afternoon at 3 o'clock. Interment in Maple Grove cemetery. Mr. Thornberg, who was 76 years of age, was a 32d degree Mason.

Interest in relief work for the wounded in Europe is on the increase, and on Tuesday of each week continues to focus the efforts of those interested. Several of the women came to the rooms yesterday at 10:30 a. m., and remained until 3 p. m., by that means more than doubling their own output. However the majority of the workers came for the afternoon hours and the result was: 14 comfort pillows, 11 bed pads, 4 pillow covers, 4 surgical socks, 9 sponges, all complete, besides work on children's dresses and underclothing and men's pyjamas. Gifts were sent in of socks, pillows, snippings and material for snippings and such donations of \$6.75. Philamathian Literary society of Sheardson college sent a check for \$5. Mrs. John Geach reported that her committee will send a box of hospital supplies this week. Another consignment of mail for the Granville committee was forwarded from Paris, among which were two letters from Mrs. Lathrop, president of the general organization, warmly commending this committee for the quality and quantity of the supplies sent and begging that our efforts should not cease.

Miss Marion Franklin spoke of her pleasure in acting as "Fair Godmother" to a soldier in the trenches and will supply information to any other woman who desires to fill a like position. Dr. G. F. McKibben, head of the modern language department in Denison, visited the rooms at 4 o'clock and gave a finished translation to each card of thanks sent by recipients of the Granville gifts. The Ways and Means committee was empowered to confer with Miss Franklin who has offered her home for a tea for the benefit of the A. E. W.

The luncheon which was to have been given in the Presbyterian church on Thursday by the executive committee of the Women's department to all the women of the church and congregation, has been postponed to Friday at 12 o'clock, noon, on account of the funeral services of the late David R. Owen which will be held at 1 o'clock Thursday afternoon, at the home on Burg street.

Don't forget the marvelous entertainment by Montaville Wood in the Granville Opera House Saturday evening. This is on the lecture course but single admissions may be had. You can't afford to miss hearing of these modern miracles, and seeing them demonstrated.

The public is invited to the semester pupil's recital of Denison conservatory on Thursday evening, in Recital hall at 8:15.

The Y. W. C. A. will come out in a blaze of glory on Friday evening in the Granville Opera House at the annual "Circus" at 7:30.

William Neel Sundayed with his daughter Mrs. Freddie Johnston and family at Glenford.

Our Boys and Girls

You should give baby a tub bath and a sponge bath every day. Use a medium sized bath tub and have a basket filled with the things you need. The necessities should include a box of talcum powder, a jar of white vasoline, a box of absorbent cotton, a cake of pure castile soap, safety pins, a bottle of borie acid solution, a bath thermometer, a soft

baby hair brush, large squares of soft old linen, a bath blanket, and a complete set of clean clothes.
A bath thermometer is an inexpensive convenience and the water should always be tested before you put baby into his bath. The water should be at body heat or slightly above, say from 98 to 100 degrees. When the water feels neither hot nor cold it will be comfortable for baby. If you do not wish to burn the baby do not turn on the hot water after you have put him into the bath.

Every Day Etiquette

"When riding in a car is it proper for a girl to hold her escort's hat?" inquired Jessie.

"It is not proper and any man should be able to take care of his own hat," was her friend's reply.

Obituary

Funeral of Mr. Shilde.

The funeral of Mr. Richard Shilde, 85, who died suddenly at his home in the Cherry Valley, Monday evening, was held at the home this afternoon at 1:30 o'clock. Rev. Don D. Tullis, of the Second Presbyterian church officiating. Interment was made in Cedar Hill cemetery.

Funeral of Henry Scheidler.

The funeral of Henry Scheidler will be held at the home, 129 South Third street, Thursday afternoon at 2 o'clock and interment will be made in Cedar Hill cemetery.

Jesse Gray.

Jesse Gray, aged 24 years, 7 months and 9 days, died at the Columbus hospital, Tuesday at noon, death resulting from pneumonia. He formerly resided at 125 East Main street, Newark, and is the son of Mr. and Mrs. Dawson Gray of Detroit, who survive him.

The body was brought to the undertaking parlors of Criss Brothers but the funeral arrangements will not be completed until Mrs. Gray arrives from Detroit.

Mrs. Ida Grimm.

Mrs. Ida Grimm, widow of the late I. J. Grimm, a civil war veteran, was found dead in her lodgings at 98 Walnut street early this morning. Coroner W. L. Jackson was summoned and after an examination pronounced death due to apoplexy. But very little is known of the woman's history. She was a pensioner and has lived alone for a number of years and was a familiar figure in that section of the city where she died. She was about 70 years old and has been ailing for some time. She is the third person to have been found dead in the same house, all having been victims of apoplexy and heart trouble. The funeral will be held from the Criss Brothers' undertaking parlors in West Main street, Friday morning at 10 o'clock.

In Remembrance—Mrs. Bertha Black. She was the best that God could send.

THAT JAR OF MUSTEROLE ON THE BATH-ROOM SHELF

Has Relieved Pain for Every One in the Family

When little Susie had the croup; when Johnny got his feet wet and caught cold; when father sprained his knee; when grandma's rheumatism bothered her—this jar of Musterole was right there to give relief and comfort.
Musterole is a clean, white ointment, made with oil of mustard. It will not blister like a mustard plaster.
Quick relief for sore throat, bronchitis, tonsillitis, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest, croup, pneumonia, etc.
Try Musterole for croupy children.

VAPORUB

Guards this boy Against Colds

How often you see fond but foolish mothers who are continually forcing their children to take nauseous doses. Mrs. Earl Mann of 204 E. Compton St., Brazil, Ind., has a better way and writes:

"When our baby had a severe cold, we applied Vick's VapoRub on his throat and chest and the next morning he was well. I also applied it on a little child with the croup and in fifteen minutes he was easier."

You can use VapoRub as freely and as often as you wish with perfect safety. It relieves by absorption thru the skin and by inhalation as a vapor. Three sizes, 25c, 50c or \$1.00.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Cocoanut Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifoliated cocoanut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonsful will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get multifoliated cocoanut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Tomorrow Night's Mat Program Unusually Interesting; Four Preliminaries Are Arranged

Besides the great interest in the main event Thursday night, the four preliminary events will be of the highest interest to the fans. The first of these is a match between John Kilonis and Paul Bowser. Newark fans find nearly as much interest in the results of the preliminaries as they do in the main event. Two Lancaster boys meet two Newark boys, and the same feeling of rivalry has been noted in these events as exists between Bowser and Kilonis. Then John Heckleberry and Merkle will settle a personal

Chicago Grain and Provisions.
(Associated Press Telegram)
Chicago, Jan. 24.—Fresh declines in wheat took place today largely as a result of the continued absence of foreign buying. Opening prices, which ranged from 1-3 to 7-8 c lower, with May at 1.84 to 1.84 5-8 and July at 1.51 1-2 to 1.51 7-8 were followed by a material further setback but then by a general rally. The close was nervous at 1.84 1-2 to 1.84 3-4 for May and 1.51 1-2 to 1.51 3-4 for July, with the market as a whole 2-3 c off to 2-5 c up compared with yesterday's finish.

Corn sagged with wheat. After opening 1-3 to 3-4 c lower, prices showed moderate additional losses but later made a good recovery. The close was steady at 3-8 to 3-4 net advance. In oats as in other cereals, early weakness was subsequently more or less offset. Higher quotations on hogs gave strength to provisions. Besides cables indicated fear of a shortage of supplies in Great Britain.

New York, Jan. 24.—Bethlehem Steel was almost the sole feature of interest at the opening of today's market, declining 5 points in the face of yesterday's generous dividend disbursement. In more active quarters of the list initial prices were irregular, later displaying marked heaviness. By the end of the first half hour U. S. Steel had yielded a point with 1 to 2 points for General Motors, Mariner, Indus-

trial Alcohol, Cuba Cane Sugar, International Paper and Local Traction. Now Haven showed increased weakness but other rails were not materially changed.

Business dwindled to mere proportions with the progress of the morning session, sales up to midday being less than 200,000 shares. Bethlehem Steel rebounded ten points and United States Steel also hardened with other Industrials, including pressed steel car, whose directors are scheduled to meet later in the day for action on the dividend. New Haven, which came within a fraction of its minimum prices of recent years, made full recovery with the traction group and industrial alcohol. Representative Rails were fractionally lower on very light offerings. Remittances to Russia and Italy fell to new low records. Bonds were irregular.

Extreme gains of 1 to 2 points from early prices, with 3-4 for Norfolk and Western were registered in the nominal dealings of the final hours. The closing was firm.

Today's dull and narrow operations were again restricted to the professional element and improvement was shown in many standard issues. Sales approximated 375,000 shares.

Long Run
There will be a pie social at the Forest Glen (Weekly) school house Friday evening, January 26. Girls are invited to bring pies which will be sold by shadow.

Mrs. Rollie Miller and children Ernest, Jay and Clay, Mrs. Charles Nesbit and son Earl visited from Wednesday until Saturday with relatives in Newark. Ava and Oles Hillier and Lella Coon called on Gerald Hillier, Saturday who is on the sick list. Mrs. O. V. Donaldson and children Zona, Joe and William spent Tuesday with her parents, Mr. and Mrs. Wm. Miller of Forest Glen. Mrs. Miller and daughter Leola accompanied them home. Mr. John Wilson called on Mr. and Mrs. John Willey Saturday. Mr. Dorwin Colville called on M. J. Myers Saturday. Mr. Henry Varner of Newark spent part of last week at the home of his parents here. Several from here have been attending the meetings at Burrell's Chapel.

Miss Retta Coon is visiting her sisters in Newark. Mrs. Wm. Jones and son Erice visited Mr. and Mrs. Henry Hillier, Thursday. Elsie Myers spent Wednesday with Miss Otta Varner. Exaggeration may be a feminine trait, but did you ever hear of a woman exaggerating her age? Even those who look before they leap are sometimes afflicted with astigmatism.

DOGS START OVER 550 MILE SNOW RACE TO ST. PAUL.

Winnipeg, Man., Jan. 24.—The "Red River derby," the 552 mile dog race from this city to St. Paul over the old Pembina trail, said to be the longest race of its kind ever attempted, is to start at noon today. Louis W. Hill of St. Paul, president of the Great Northern railroad, and others prominently connected with the St. Paul outdoor sports carnival, under whose auspices the event is being held, are here to witness the send off of the men and dogs. Eleven dog teams, each composed of six or more of the best "huskies" obtainable in the Northland, and driven by veterans in the game, will be sent on their journey by Mayor R. D. Waugh of this city at 10 minute intervals, beginning at 12 o'clock. With favorable going the winning team is expected to reach St. Paul next Thursday evening.

M'CONNELLSVILLE BASKETBALL TEAM HERE FRIDAY NIGHT.

The second home game of the season for the Newark High school basketball team will be played Friday night at the new gymnasium. Fourth and Church streets when the M'Connellsville team comes for a return game. The two teams met at M'Connellsville two weeks ago and the Newark boys were victorious. Coach Millisor has developed a splendid team considering the short time the boys have had for practice. Class games, band music and "yells" will add to the occasion.

"UNKNOWN'S" COIN NOT YET COVERED; ANXIOUS FOR REPLY.

The check for \$100 posted by George Tucker in behalf of a mysterious "unknown" wrestler, for a match with Bowser has not been covered at this office and Tucker states that he has had no word from Bowser. He is anxious to see the two men meet and is waiting for the Newark champion to answer the challenge.

NEW BOWLING RECORD.

Chicago, Jan. 24.—What was said today to be a world's bowling record was made last night by the Vesper Drives 5-man team of the West City League of Chicago with a total score of 1290, an average of 115.2 per game. The three scores were 1147, 1161 and 1290.

CENTRAL LEAGUE REFUSES TO JOIN REDISTRICTING PLAN.

(Associated Press Telegram)
Chicago, Jan. 24.—The Central League has declined to join the redistricting plan of the Three I league and Central Association. It was announced today when officials of the latter two organizations met here for a further discussion in regard to the proposal.

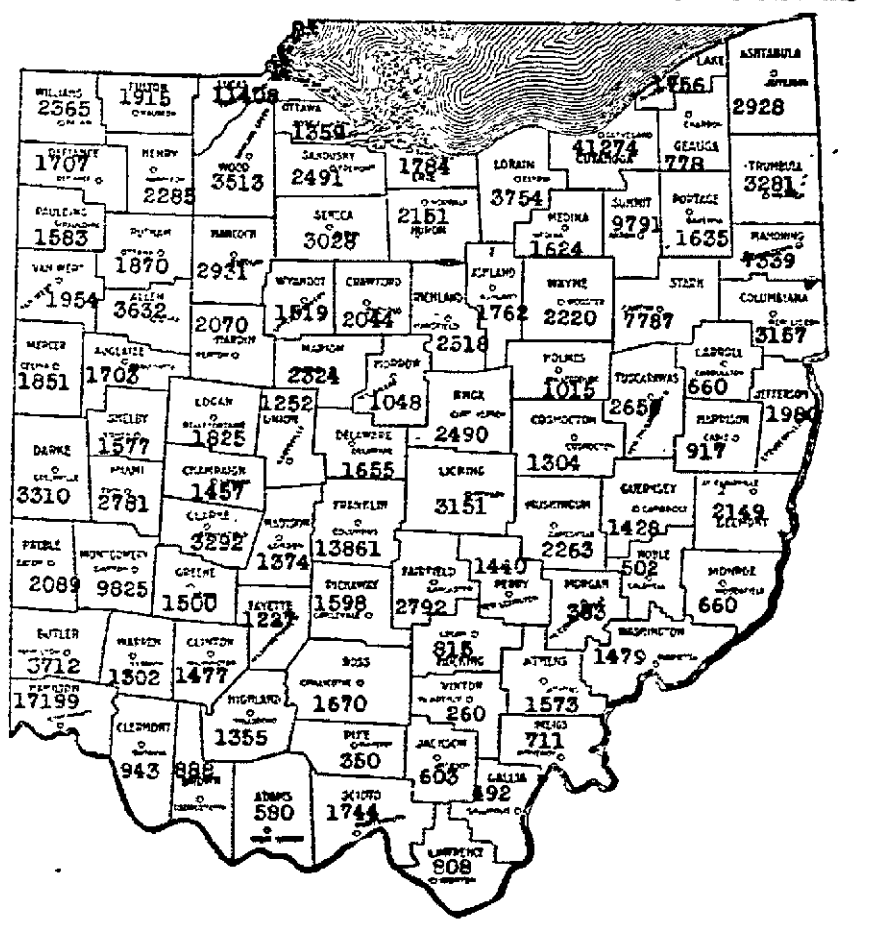

E. W. Dickerson of Grand Rapids, Mich., president of the Central League, advised President A. R. Kearney of the Three I that club owners of the Central League, in view of the fact that Wheeling, W. Va., has been dropped, consider their direct satisfactory. It is probable President Dickerson said, that the Wheeling franchise will go to Saginaw, Mich.

BOWSER ANSWERS CHALLENGE.

Late this afternoon Paul Bowser announced that he was willing to meet George Tucker to discuss the challenge issued by Tucker in behalf of an "unknown" wrestler. Bowser will be absent from the city for two days after the Kilonis match and a meeting with Tucker after that date will be agreeable. "I am not strong for the proposal to make the 175 pounds," Bowser said, "and as for putting up the belt, I had to pay Turner \$500 for a match to wrestle for the belt and I believe I am as good a drawing card as Turner."

THE HOUSEKEEPER'S PROBLEM.

The housekeeper, if she be a mother of a large family, is weighed down with worries and cares.

When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life, when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances. Many Ohio people testify.

Dayton, Ohio.—"It is a pleasure to recommend Dr. Pierce's Favorite Prescription. I had used other remedies with little benefit. I was dragging around and tired-out but when I had taken several bottles of 'Favorite Prescription' I was much stronger and better; it did me more good than any medicine I ever took. I shall always recommend it and will use it again if I need it."—Mrs. NELLIE M. ALLEN, 113 Buckeye St., Dayton, Ohio.

Coshocton, Ohio.—"I used Doctor Pierce's Favorite Prescription and found it a reliable woman's medicine. I used one bottle. It helped me just as I expected and was a benefit in every way."—Mrs. C. B. HOWELL, 345 5th St., Coshocton, Ohio.

If you will pay the mailing charge, Doctor Pierce will send you his cloth bound book of over 1,000 pages, newly revised with color plates and illustrations. Everyone should read and have it in case of accident or sickness in the home. Treats of so many subjects in such an interesting manner that knowledge of the human body is quickly and easily attained by all who read the book. Send 3 dimes (or stamps) for mailing charges to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and enclose this notice.

Constipation causes and seriously aggravates many diseases. It is thoroughly cured by Dr. Pierce's Pellets. One a laxative; two or three a cathartic.—Adv.

THANKS TO NERV-WORTH E. V. MINARD SLEETS 'TIL ALARM CLOCK STRIKES.

This is a capital statement—choice enough to repeat:

"I want to say something about Nerv-Worth. I have had trouble in getting my rest at night. Could not sleep. Would get about four or five hours' sleep. Tired in the morning when I'd get up. Nervousness, which caused weakness and pains about my heart. Poor appetite, no ambition. I have taken about one bottle of Nerv-Worth. Things are much better with me now. I sleep. Appetite good. Rested in the morning. SLEEP TILL THE ALARM CLOCK GOES OFF—ABOUT 8 HOURS. I'm better in every way. I recommend Nerv-Worth to anybody."

AUDITORIUM.

Mary Pickford made her bow on the screen at the Auditorium theatre yesterday as a star and producer in "Less Than Dust" a picture story in which the still undisputed movie queen takes the role of a castaway adopted by a Hindu sword maker in India, who turns out to be of English birth and the heir of a great estate in England.

As a rugged little Hindu maiden she is as winsome as ever she was in overalls. The scenes in which the girl who was raised as a low caste Hindu learns the conventions of English social life and the discomforts of civilization are amusing, and they gave her the opportunity to display her celebrated curls and wear pretty frocks. The picture is one of the most elaborate in which she has ever appeared and the crowds yesterday broke all records at the Auditorium, for nearly 3000 persons attended all showings yesterday. The picture will be seen today for the last time and no doubt yesterday's crowds will repeat today.

"Is Any Girl Safe."

The attraction at The Auditorium Friday will be that great sermon photo-play "Is Any Girl Safe?" a marvellous 5-part picture that set New York ago. The picture that is destined to sweep vice and white slavery into oblivion. This picture is being shown throughout the country and in almost every city the crowds have thronged the box offices so that police protection to handle them had to be resorted to. The showings will start at 1:30 p. m. and will be continuous through the supper hour.

"Who's Little Girl are You?"

"Who's Little Girl are You?" the well known musical comedy now in its third successful year this season is presented by an exceptionally strong company and in a new dress of scenery and costumes, and every word and line brought up to the minute with all the late and popular music of the day running throughout the evening, and there is not a dull or quiet moment throughout the entire offering.

The production as usual is uproariously funny and captures the house by storm. For the management promises a laugh a minute as the piece is kept at a high gear and the speed never changes.

The chorus is better than the average, and are really good looking and much better costumed than the average girl show chorus.

Theatre goers have read so much regarding the merits of coming attractions at our Theatre that sometimes it becomes a matter of keen doubt if it is possible to believe that we will really see half the advance notices promise to fulfill.

The Blanchard Amusement company are an established firm of Theatrical Managers who are making an earnest effort to establish the confidence of every theatre patron that in purchasing a ticket for any of their attractions it will be with a safe feeling of getting your money's worth.

In offering "Who's Little Girl are You?" the Blanchard Amusement company have selected the best of their many productions to send through the East, and establish their name as first-class producers of the best and last word in musical comedy and with this assurance, we trust the effort will be greeted with a large house at the Auditorium Theatre next Saturday matinee and evening. Popular prices will prevail and these managers offer an actual two dollar show for the lowest possible price and help you beat the present day cry of the high cost of living.

"My Home Town Girl."

John Hyams and Lella McIntyre, who will come to the Auditorium next week in their new piece "My Home Town Girl," enjoy the unique distinction of being the only musical comedy stars who have not been seen in moving pictures—and they will not be for the next three years at least, as this clause in their contract was insisted upon by Perry J. Kelly, producer of the new musical success in which they are now being seen. Having attained the height of popularity in musical comedy and vaudeville, it might be expected of the co-stars that they would seek film popularity, but it is not for them, or for the public to see them in that way just yet.

With a splendid scenic production and a supporting cast of notable New York artists, Hyams and McIntyre are now enjoying a repetition of the great success they attained in their former vehicle, "The Girl of My Dreams" in which they will be well and favorably remembered.

Among those in the cast are Henrietta Lee, Maude Beatty, Doris Vernon, Clarice Gray, Ray Purviance, Maurice Darcy and George Hall, and a bevy of pretty girls who can both sing and dance. Mail orders are now being received.

Coming.

Manager Fenberg of the Auditorium announces the appearance of the following plays: "Just a Woman" the big Shubert, N. Y. production; "Human Hearts" a drama of pathos and emotion; "Gypsy Love," "When Dreams Come True," "Lazy Bill," "How's Pictures," "Katinka," "Return of Twin Dicks," "Peck's Bad Boy," "Stop, Look and Listen and the big Irving Berlin Musical Comedy, "Blue Paradise," "Very Good Eddie," "Daughter of the Gods," and others.

ALHAMBRA.

Tonight and Tomorrow. Clara Kimball Young will be at the Alhambra theatre in her most recent World Picture, "The Rise of Susan." This picture is resplendent with gripping scenes and has been wonderfully staged with an unusual cast. The date of the showing is to night and tomorrow. Just before the marriage ceremony, the scheming secretary reveals his true colors. He demands a large sum of money from Susan, telling her if she refuses he will denounce her as an impostor. Her conscience has already been

It's because their Turkish blend is BALANCED

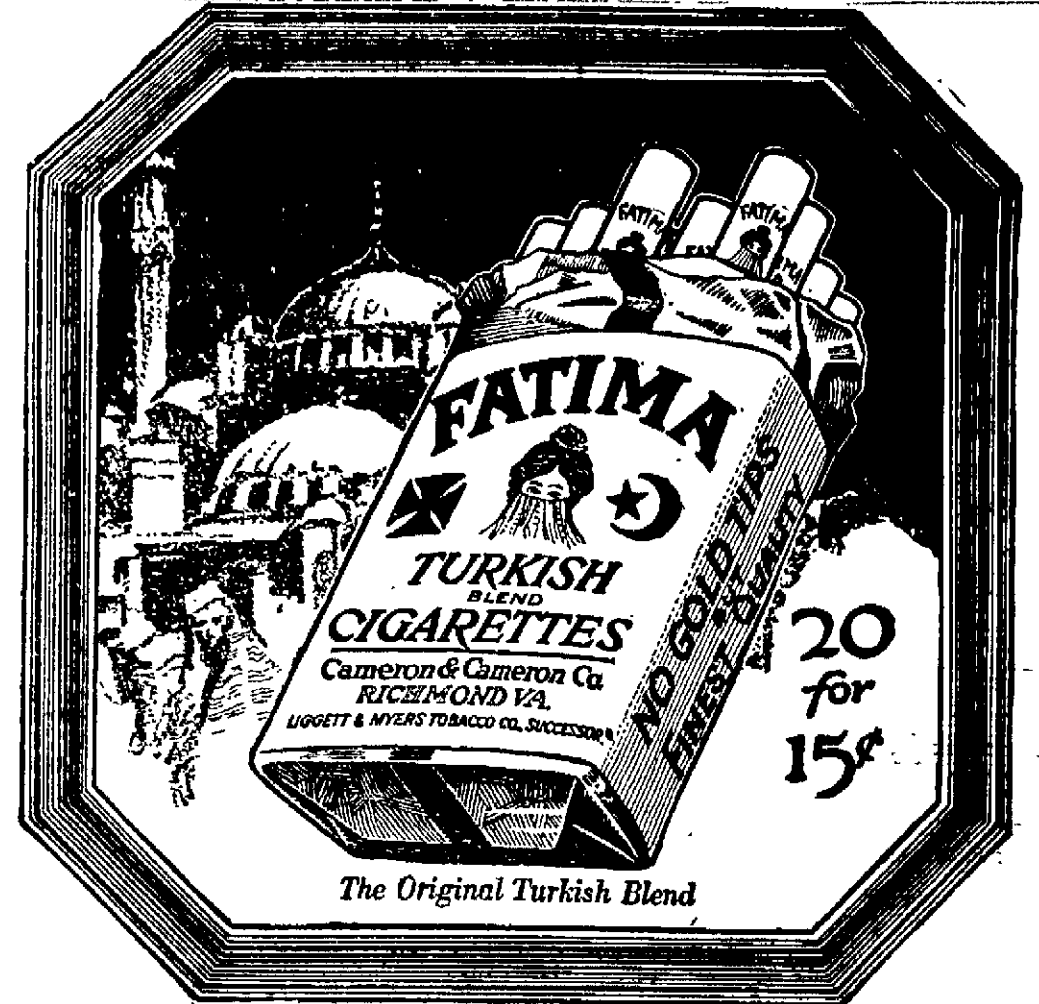

Balanced—that is what makes Fatima's blend comfortable, both while you're smoking and afterward, too.

The milder tobaccos in this Turkish blend are so well balanced with the richer, fuller-flavored leaves as to entirely off-set all "oily heaviness"—the cause of discomfort in so many other cigarettes.

And this very blending which makes Fatimas so comfortable (and therefore so sensible) is also just what imparts that unusually good Fatima taste.

But even so, you alone can decide whether or not you like Fatimas. That's easy to settle—try them.

troubling her because of the fact that she is continually compelled to live a lie before the man she so truly loves.

The secretary is surprised and horrified to see that the manner in which she answers his request, therefore, is not in keeping with his plans.

This World Picture, "The Rise of Susan," is coming to the Alhambra theatre tonight and tomorrow, and has as its star, the inimitable Clara Kimball Young.

THE GEM.

"The End of the World." "Spectacular stuff" of exceptional interest and exceptionally well produced. "The End of the World" is to be accompanied by collision with a comet, a perfectly logical premise, for every generation has had its "comet scare" and scientists agree that a collision between the earth and a comet is by no means an impossibility. Such a catastrophe would be spectacular to the power. In this film the possibilities for unusual photographs have been seized upon and well utilized. On the night of the catastrophe we see a rain of fiery fragments, meteors, aerolites, and what not, with lightning, a great tidal wave and a storm at sea, wherein full-sized freighters wallow helplessly in their yeasty beds.—Motion Picture News.

"The End of the World" will be shown at the Gem theatre soon.

Do you know how many unsuspecting young girl victims are shamed, disgraced and dishonored every year by the White Slavers? Do you realize that the White Slave traffic has grown to colossal proportions, endangering the lives of hundreds of thousands of young girls in this country alone? You can see the insidious methods employed by White Slavers—you can see all the mysteries exposed in this fearless screen production.

The picture is endorsed by such men as the Rev. Dr. Parkhurst—Rev. Rabbi Lyons, of Brooklyn—Lieut. Costigan, head of the New York Vice Squad, and hundreds of others.
